# HOPE SYMBOLS

When you think of hope, what image comes to mind.  
What image do you use to identify hope? Why?  
What is your hope?

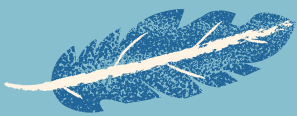

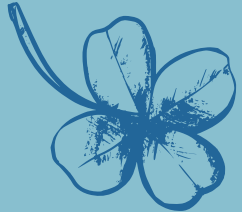

Our hopes can change over time!

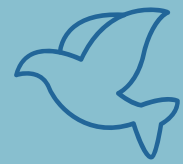

Identifying and growing our hopes helps us in moving forward  
in difficult times. On the back of this card write out or draw your hope  
and place it somewhere you'll see it to remind you.

Hope is having goals, finding many different pathways  
towards them, and the motivation to get there.
