Citizenship Growth

Aurora Thunderbirds noticed lots of litter around the playground between our school and our neighbours at Vera. Student volunteers took garbage bags and gloves to tidy things up. Developing citizenship and a sense of community belonging and responsibility are key strategies in Aurora's school plan and a main focus of middle school philosophy.

Hands-On Learning

Students in Ms. Tarrbain's Grade 5 class made their own puppets with Lance Cardinal, the famous Indigenous artist over Zoom.

Ms. Moghrabi's Grade 4 class dissected lilies as part of their science unit.

Mr. Lyons demonstrated how to skin a beaver, followed by taste-testing beaver stew and beaver tail.

Ms. Yaworski's class experimented with hot air balloons in an aerodynamics lesson.
